OBJECTIVE

Motivated and detail-oriented mobile app developer with hands-on experience in Flutter, Dart, and C#. Passionate about building sleek, scalable, and high-performing cross-platform applications. Always eager to learn, adapt, and bring creative solutions to real-world challenges.

EDUCATION

- **Advanced Diploma in Software Engineering,** Aptech Computer Education**,** Abuja, Nigeria (Oct. 2021 - Oct. 2023)   **[Distinction]**

  Relevant Courses: Software Engineering, Database Management, Web Application Security

- **Demonstration Standard College** – Kogi state , Nigeria (2015 – 2021)

- **University of Lincoln**, Nasarawa, Nigeria (2024 – Ongoing)

TECHNICAL SKILLS

- Programming Languages: Dart, C#, Java

- Backend Frameworks: Flutter, Spring Boot, ASP.NET Core, Bootstrap

- Databases: MySQL, PostgreSQL, SQL Server, Firebase, Entity Framework Core

- API Development: RESTful APIs using Spring MVC & ASP.NET Web API

- Version Control & CI/CD: Git, GitHub, GitLab, Jenkins, Travis CI

- Testing & Debugging: JUnit (Java), xUnit.net (C#), test(Dart)

- Design-Patterns: MVC and MVVM

SOFT SKILLS

- Problem-Solving: Ability to analyze complex issues and implement effective solutions.

- Collaboration & Teamwork: Experience working with cross-functional teams to deliver projects.

- Time Management: Skilled in meeting deadlines and managing multiple tasks efficiently.

- Adaptability: Quick learner, open to feedback, and able to adjust to new technologies.

PERSONAL PROJECTS

- **Health Management System (Backend Developer | Dec. 2023 - Present)**

  - Designed and implemented secure authentication and data encryption to protect patient records.

  - Developed REST APIs to support frontend functionalities and improve data retrieval efficiency.

- **Rock Scanner App (Flutter March. 2025 - April. 2025)**

  - Developed a rock identification app using Flutter and Gemini AI for image recognition.

- **E-Commerce App (Flutter | April 2025 – Present)**

  - Developed a full-featured eCommerce application using Flutter for seamless cross-platform performance.

- **DataEncrypt (Security-Focused Application) (June 2023)**

  - Designed a data encryption system to protect sensitive user information.
